UPTURNED BUGGY

MRS. H. P. SWINEHART AND BROTHER VICTIMS OF ACCIDENT

A RECKLESS AUTO DRIVER

After Causing Wreck, Driver of Auto Speeded Up Machine and Made "Getaway."

As Mrs. H. P. Swinehart and her brother, Dane Fagans, were driving with horse and buggy on the State road east of Maryville Monday afternoon about four o'clock, they met an automobile coming to Maryville just east of the Wabash bridge crossing over the road. The car was coming at high speed, square in the middle of the road, and the driver did not give so much as a hair's breadth of the road as he neared the occupants of the buggy.

Mr. Fagans drew his horse out of the road as quickly as possible, but the horse became frightened as the auto went whizzing by so close to him, and he cramped the buggy suddenly and threw Mrs. Swinehart and her brother out.

By the time they could get up and look around, the cause of their trouble was out of sight. The car was occupied by both men and women and was going too fast for the victims to see what kind of a car it was and they did not recognize the occupants.

Mrs. Swinehart will be confined to her bed for several days from injuries. She is the wife of Prof. H. P. Swinehart of the State Normal faculty.

If Professor Swinehart can find out who the driver of that car is——!

RESOLUTIONS ADOPTED.

By the Epworth Leaguers In Session at Maryville Last Week.

The following are the resolutions adopted at the Epworth League convention in Maryville last Saturday:

Be it resolved: That we extend the thanks of the Maryville District Epworth League to the Maryville Chapter and to the members of the Methodist Episcopal Church for their kind hospitality and royal treatment.

Resolved: That the Maryville District Epworth League extend their thanks to the Maryville Business College for the clerical work done in assisting the District Treasurer in her work.

Resolved: That the Maryville District Epworth League enter her protest against the low standards of morals of the commercial life of our nation in its endeavors to create the habit among the Chinese of the use of American made cigarettes and making them drunk on American distilled whiskey. By Chinese Governmental edicts, the poppy no longer bedecks the hills and plains of China. The iniquitous opium dens no longer exist to put asleep a great people and we as Epworth Leaguers urge greater efforts to awaken a public conscience against the movement to stultify the growth of young men and women of the new China and vitiate the life of a new republic.

Resolved: That we extend to the Stanberry Chapter our thanks for the invitation to hold our next session in their city and partake of their hospitality.

Resolved: That the aforesaid resolutions be spread upon the minutes of the session of the convention and copies of the same be sent to the daily papers of Maryville, the Central Advocate of Kansas City, Mo., and the Epworth Herald, Chicago, Ill.

THURSDAY LAST DAY

TWO OFFICES STILL VACANT ON REPUBLICAN TICKET.

THE FILINGS WEDNESDAY

A Number of Candidates Made Declarations With County Clerk for the August Primary.

A few candidates are filing Wednesday, as Thursday is the last day a candidate can file so as to get on the primary election ticket at the primary on Tuesday, August 6. The time for filing for county offices closes on Thursday.

There are still a few places on the Republican ticket that have not been filled. No candidate for representative, or for public administrator, had filed with County Clerk Demott at this writing. The Republicans will have a candidate for representative, but whoever it is, is probably waiting for the last day to file.

For State Senator from this district J. W. Peck has filed again.

Dr. William Wallis, Jr., filed Wednesday morning as a candidate for the Democratic nomination of coroner.

Dr. D. G. Hunterson of Parnell entered the race for the Republican nomination of coroner.

George S. Miller, present county surveyor, has filed as the Republican candidate for surveyor.

HE ISN'T THE WHOLE THING.

That Big Strawberry Man at Pickering.—His Neighbor, Dr. Crowson, Is Some Fruit Man, Too.

Oscar Moon, the Burlington agent at Pickering, is entitled to all the praise he may receive for his great strawberry bed, for he deserves every word of it.

But he has a fellow-citizen, in Dr. E. L. Crowson with whom he must divide honors, and he is entirely willin', too, to share them.

Dr. Crowson is experimenting with the Himalaye berry, which is known as the Horticulaure Wonder, it is claimed, will in time supersede all small fruit. It is one of Nature's most wonderful productions. The chief characteristic of this berry is its extreme hardiness. It was brought from the Himalaya mountains, where it withstands the burning summers, and is guaranteed not to winter kill. This plant is to make a growth of over 33 feet, in one season. It is not like other berry vines, as is grows continually from year to year, like a tree. The flavor is unexcelled, sweeter in taste than raspberries or blackberries, making it better suited for canning purposes.

Dr. Crowson has another hobby, dry land ducks—one better than Mr. Moon, who is confining himself to strawberries.

STEERS MADE MONEY.

Missouri Feeder Disposes of Two Cars at a Good Profit Monday.

That there is good money in cattle feeding right now is vouched for by Carl Eisinger, one of the large farmers and live stock feeders of Bolckow, who was on Monday's market at St. Joseph, with a two-car shipment of well-fatted steers of his own feeding that sold at a profit, says the St. Joseph Live Stock Journal. Mr. Eisinger's shipment was made up of two cars, or 35 head of steers, averaging 1,248 lbs., that sold at $8.60. "These steers were fed about four months on rations of corn, alfalfa, hay and cotton seed meal," said Mr. Eisinger, "and made a substantial gain in the feedlots. of us do not know what a good road is" asserted the speaker. "As compared with many of the more progressive states, the roads of Missouri are far below the standard." Miss Grace Badger Married.

The Chillicothe Constitution contains an account of the marriage of Miss Grace Badger, formerly of Maryville, at the home of her sister, Mrs. George W. Maybee in that city. The Badger family moved to Chillicothe from Maryville about ten years ago. The notice of the wedding is as follows: Mr. Charles Homer Nave and Miss Grace Badger were married last Saturday night at the home of Mr. and Mrs. George W. Maybee, North Elm street. Rev. J. E. McGee, pastor of the Presbyterian church performed the ceremony at 7:30 o'clock, using the Episcopal ring service. Before the service Miss Jessie Palmer sang "What is Love" and "Constancy." As Miss Winnifred Reid of Kansas City played the Lohengrin wedding march, Dr. H. L. Jones and Miss Palmer of Kansas City entered, forming an aisle of ribbon through which passed the matron of honor, Mrs. Buel Wigley, sister of the bride, followed by the bride on the arm of her brother, E. P. Badger of Kansas City, by whom she was given in marriage. At the altar they were met by the groom with his best man, Louis McDermott of St. Louis. Miss Reid played Mendelssohn's "Spring Song" during the ceremony, and Mendelssohn's Wedding march during the congratulations. The bride's gown was embroidered marquisette trimmed with bands of baby Irish and macrame. She wore a short English veil and carried a shower boquet of bride's roses. The Maybee home was attractively decorated. The west end of the library and book cases were banked with potted plants and ferns and hydrangeas, improvising an altar. Mr. and Mrs. Nave will be "at home" after June 15 at 10 West Thirty-ninth street, Kansas City, Mo.

Sappenfield, pastor of the Methodist Episcopal church at Burlington Junction. Preceding the ceremony Miss Nellie Wray of Maryville, sang "I Love You Truly", by Carrie Jarols-Bond, and after the ceremony, while congratulations were being given, Miss Wray sang "Because I Love You Dear", by C. B. Hawley. The bride and groom were unattended, and came into the presence of the guests and took their places before the minister, while Mrs. Rolla H. Rees played Mendelssohn's wedding march. A three-course wedding dinner was served the guests from small tables. The bride's table was lovely, decorated in pink and white roses. GERMS.

Oh, folks was awful happy
When there wasn't any germs!
Why just to read about 'em
Fills a feller full of squirms.
Why they're hidin' in the curtains,
An' the carpets of your floor
Is jest plum full of livin' things,
A thousand kinds an' more.

The door-knob is alive with 'em,
Don't use a dist that's cracked,
For ever little roughened place,
With pesky germs is packed.
An them tin cups at the station!
It most gives me a chill,
To think I used to go to 'em
An' stan' an' drink my fill!

An' with them grimy roller towels,
I used to mop my face,
I guess that all as saved me,
Was just ever lastin' Grace.
An' you dassent kiss a baby,
Er it's liable to git bit,
With some owdashious mikrobe,
That's laying in wait fer it.

An' say! the biggest farmer
Of the germ's the pesky fly;
An' to think of where he plants 'em,
Makes a feller want to die!
I wish they'd never found 'em,
An' then we'd never think,
We'd swallered a hull aquarium,
When we take a little drink.

MUCH HARD WORK FOR COMMITTEE

Republican National Body Faces Many Unusual Problems.

CONTESTS ALREADY NUMBER 238

Preparations Completed for Opening Meeting Thursday Morning—Wm. Barnes, Taft Leader in New York to be Present.

Chicago, June 5.—Preparations are now completed for the meeting of the Republican national committee Thursday morning. The body faces a tangle such as, perhaps, never has confronted a national committee of the party on the eve of a convention.

The right of newly chosen committeemen to seats; the question of open hearings of the more than 200 delegate contests; the prospect of a fight to the finish on the selection of Senator Elihu Root for temporary chairman; and the belief that Col. Roosevelt and his associates will carry into the convention their fight for the seating of their contesting delegates are some of the problems engrossing the attention of Chairman Harry S. New and the other members of the sub-committee on arrangements.

It is the belief of national committeemen now in the city that the right of R. B. Howell of Nebraska to the seat now held by Victor Rosewater will be settled as soon as the committee meets for organization. The calling of the roll will bring Mr. Rosewater's seat into controversy, it is explained.

Barnes May Hold Proxy.

Roosevelt forces are awaiting the arrival of National Committeeman William L. Ward of New York, who is looked on as the prospective leader of Roosevelt activities in the national committee. Reports that William Barnes, Jr., Taft leader in New York, might hold a proxy in the committee, further complicated the situation.

Rumors were current that Roosevelt will be on hand before the convention preliminaries are out of the way. It was asserted by Republican leaders who arrived from the East that the colonel expects to be here not only to take part in convention proceedings, but to direct the activities of the Roosevelt "flying wedge," which is being organized and drilled for propaganda work among the delegates.

New Contests Added.

Two new contests and two cases where the number of delegates exceeds the allotment, were added to the cases prepared for submission to the committee. In the fourth Virginia and the third North Carolina districts contest cases have been prepared; and in the thirteenth and the sixteenth Missouri districts, double the number of alloted delegates were chosen.

The number of contested delegates now recorded by the committee, including cases where extra delegates were chosen, number 238. Additions may yet be made to this number.

TWO MISSOURI TOWNS WENT DRY

Richmond and Columbia Voted Down Saloons by Large Majorities.

Richmond, Mo., June 5.—Richmond re-adopted local option by a majority of 177. The crowd was large; farmers and business men thronged the streets. The mines were idle and good order prevailed. Local option has been in effect here for four years and four months.

Columbia, Mo., June 5.—There will be no saloons in Columbia, the home of the state university, for four years, at least. In the local option election here the drys won by a majority of 208. Four years ago the dry majority was only 34. The total vote cast was 2,682, the largest ever cast in the city.

BOOTLEGGER GETS LONG TERM

Penalties Against Wichita Man Aggregate Six Years in Jail—Refused to Sign Bond.

Wichita, Kan., June 5.—Over two thousand days in jail will be the portion of J. F. Austin, a convicted bootlegger, if he holds to the stand he made here in police court when he was asked to sign a peace bond for a parole. Austin refused to sign the bond. He had been sentenced to the county jail on charges of selling liquor. Police Judge Souders then sentenced him on new charges that will aggregate six years in jail and $1,000 fine. Austin said he would "take his medicine."

Kaiser Thanks Taft.

Washington, June 5.—A cable message from Emperor William of Germany to President Taft thanking him for the hearty welcome extended to the German fleet in Hampton Roads was made public at the White house

Clark Gets Idaho's Eight.

Coeur d'Alene, Ida., June 5.—Champ Clark will have Idaho's eight delegates to the national convention. The state Democratic convention instructed them for the Missourian.

TWO MORE LAND MEN ASK PARDON

President's Reasons for Freeing Jones of Oregon Just Made Known.

SAYS PROSECUTION WAS UNFAIR

Methods of Detective Burns Severely Attacked—Claim is Made That Witnesses Were Intimidated.

Washington, June 5.—The causes which controlled President Taft in granting an unconditional pardon to Willard N. Jones, convicted in the famous Oregon land fraud cases has just become known. Based upon the same charges of unfair and improper methods by the United States government's prosecution of the frauds which stirred the country six years ago, applications for the presidential pardon of two other men are being considered by the department of justice.

Franklin P. Mays and Hamilton H. Hendricks are seeking pardon on the ground that they likewise were denied their constitutional rights. Mays was indicted with the late Senator Mitchell and former Representative Herrman, and was convicted of conspiracy and sentenced to four months' imprisonment and to pay a fine of $10,000. Hendricks was convicted of subordination of perjury and sentenced to 13 months and to pay a fine of $500.

Attack Burns' Methods.

Consideration of their appeals for executive clemency will be based upon the investigation which resulted in Jones' pardon. These cases have not yet reached the president. "The Oregon land fraud prosecutions were conducted almost wholly along political lines," and "a veritable reign of terror existed," were the charges submitted to Attorney General Wickersham in a brief by Henry P. Schwartz, former chief of the field division of the general land office, and James S. Smith, attorney for Jones in the pardon proceedings.

The methods of William J. Burns, who developed the government's case and others of the prosecution, were severely attacked in the brief. The whole jury box list of more than 500 names from which the grand and petit juries were drawn was determined and selected, it was alleged, by the government prosecutors and detectives and the political enemies and assistants of Jones along political lines, "with the purpose and result of obtaining men who were prejudiced and who would convict."

Intimidated Witnesses.

The brief also charges that witnesses were intimidated into giving false testimony against Jones under threat of indictment; that witnesses were so threatened by a member of the grand jury, and by government detectives in the presence of their families, and that in various cases then being tried many persons were indicted and compelled to give evidence against other defendants, not true in fact, and thereafter such indictments were dismissed.

DENVER DANCES TO BE CENSORED

Ordinance Drawn Establishing Control of Amusements, for Protection of Young Girls.

Denver, June 5.—An ordinance based on the result of a dozen years' observation by Judge Ben B. Lindsey of the juvenile court, establishing a wide censorship over all forms of public amusements for the protection of young men and women, was drafted at a conference between Mayor Arnold, George Creel, police commissioner, and Judge Lindsey. Its passage is a foregone conclusion under the reform administration.

No girl under 18 years old will be allowed in a public dance hall after 9 o'clock unless accompanied by her parents. All young people must register on entering such places, and dances, unless specially permitted, must close at 12:30.

WILL INVESTIGATE BEEF TRUST

No Sensational Inquiry Will be Undertaken and No Individuals to Testify.

Washington, June 5.—The house judiciary committee in executive session decided to undertake a preliminary investigation of the "beef trust." The committee agreed to report the Edwards resolution calling for the investigation, but before doing so a private inquiry will be made. The committee does not purpose now to call any of the men heavily interested in the packing industry or to undertake any sensational investigation of packing house conditions.

Jurors to the Fields.

Parsons, Kan., June 5.—Having been hindered in their farming for the past two months on account of storms and bad weather, Judge Elmer Clark of the district court here dismissed the jury for the present term so that the farmers who were drawn might get in their crops. The court ordered all jury cases, of which there are more than 50, continued for a month.

CURTIS GUILD, JR.

Mr. Guild, who is the American ambassador to Russia, has announced himself as a candidate for the senate to succeed Senator Crane of Massachusetts, who says he will retire.

LIKE THE ELSIE SIEGEL CASE

CHINESE BEING WATCHED FOR MISSING CHICAGO GIRL.

Chain of Dives Covering Entire Country and Owned by Orientals, is Discovered.

Chicago, June 5.—The existence of a chain of resorts, managed by white women and peopled with white girls, which depend upon the Chinese of the various cities of the country for their patronage, was one of the startling disclosures made in the police investigation of the disappearance of Catherine O'Brien, 16 years old, from the home of her parents here.

Four detectives have been working on the case since the O'Brien girl was last seen.

Houses are operated in New York, Boston, Philadelphia, St. Louis, Kansas City, Denver, Pueblo, San Francisco, Los Angeles, Seattle, Portland, Tacoma and in China, according to information gleaned, and although operated by individuals, are united under a mutual protection and procuring agreement.

That Catherine O'Brien, who visited the establishment kept by Chinese in this city, is an inmate, possibly as a prisoner, of a similar house in some other city, is the theory upon which the police are working now.

It is also possible she may have shared the fate of Elsie Siegel, daughter of Gen. Franz Siegel, who was found murdered in the room of a "christianized" Chinaman in New York. The slayer has not been captured. Government officials here admitted the existence of such a chain of houses was known to them, and declared they have been working for months toward clearing up the conditions.

ST. JOHN CALLS IN A SCIENTIST

Kansas Ex-Governor Dismisses Doctor and Gets Healer From Kansas City—Had Restful Night.

Olathe, Kan., June 5.—John P. St. John, governor of this state from 1879 to 1883, who has been dangerously ill with uraemic poisoning at his home here the last ten days, is now in the hands of Christian Scientists. The physician in attendance has been dismissed and a Christian Scientist was summoned immediately from Kansas City.

The former governor has been a believer in Christian Science some years, but ten days ago, when he took a turn for the worse, a physician was called in. She did not hold out any hopes for his recovery and the change was therefore made. The governor passed the most restful night since his sickness and is now able to take some nourishment.

PACKERS GET REDUCED RATES

Freight on Dressed Meats Goes Down, But No Change for Live Stock Shipments.

Washington, June 5.—Railroads operating in the Southwest were ordered by the interstate commerce commission to establish for transportation of packing house products and fresh meats in carloads, rates which shall not exceed the following per hundred pounds:

"From Oklahoma to Kansas City, 17 cents on packing house products and 26 cents on fresh meats; from Fort Worth, Texas, to Kansas City, 21 cents on packing house products and 32½ cents on fresh meats."

The commission declined to modify the mileage scale of rates it prescribed for the transportation of live stock from various Southwestern points to packing houses.

Archbald Won't Testify.

Washington, June 5.—Judge Robert W. Archbald of the commerce court, whose conduct in a certain culm bank transaction with the Erie railroad has been under investigation by the house judiciary committee, will not testify in his own defense. Opportunity to do so was extended by the committee but the judge declined.

MEMBER OF HOUSE FIGHTS REPORTER

Representative Thomas of Kentucky Attacks Newspaper Man.

WITNESSES SAY HE DREW KNIFE

Resentment Aroused by Article Saying He Had Criticised Other Members of Archbald Committee.

Washington, June 5.—The Archbald hearing before the house judiciary committee was enlivened by a fight. Representative Thomas of Kentucky was the principal in a fist encounter that threatened to end in a duel. The member of a congressional committee, trying a judge of the second highest court in the United States, temporarily resigned his place on the bench and descended to enforce his opinions with personal violence.

Representative Thomas objected to an article printed in a Washington paper, and to show his resentment beckoned the reporter outside, called him a liar, and started to administer a sound beating.

Drew a Knife.

The reporter was several sizes smaller than Representative Thomas and it looked as if he would soon be killed. Another newspaper man stepped in, the tables were turned on Thomas, who reached for a knife with the avowed purpose of disemboweling the entire newspaper fraternity. At this point capitol policemen and clerks arrived and locked Thomas up in a nearby committee room until he had the chance to cool off.

What Thomas didn't like was the fact that an article was printed in the Washington Herald calling public attention to the fact that Thomas had not been present at most of the hearings of the committee, but had made statements criticizing the committee and dictating what it should do.

Denies Criticism.

In a lull in the testimony concerning Judge Archbald of the United States Commerce court, who is being tried for impeachment in connection with alleged illegitimate deals with the Erie railroad, Representative Thomas took occasion to deliver an impassioned denial of his alleged criticism. He concluded by denouncing newspaper men as "squirrel headed" and a menace to the American nation. He also expressed his opinion in no uncertain terms of anyone who would criticize him, and indignantly asserted he had read the testimony taken before giving an opinion of the case.

Thomas then left the committee room, found out that Joseph Annin had written the article and had the clerk of the committee request Annin to come outside. When Annin did so he informed him he was a liar, and with varied, highly colored and unprintable terms. Annin is about five feet tall and weights 115 pounds. But when the big 220-pound congressman squared off and made a pass at him to further demonstrate his contempt, the reporter wasn't a bit impressed and they mixed things up in a lively manner.

Thomas is a candidate for renomination from his state.

FIRST WOMAN MAYOR IS DEAD

Mrs. Mary D. Lowman, of Oskaloosa, Was Elected in 1888, and Served Two Terms.

Oskaloosa, Kan., June 5.—Mrs. Mary D. Lowman, who died here from burns sustained when her clothing caught fire, while preparing a meal was the first woman mayor of Kansas.

Mrs. Lowman was the first woman mayor to be elected in Kansas with a full woman council. Her ticket was elected in 1888, and at the time of the close of the first term of her administration it was so satisfactory that the same ticket was re-elected with only a few exceptions.

The administration of Mrs. Lowman attracted wide notice and for several months after taking office special correspondents from all parts of the country came to Oskaloosa to write the story of the "woman mayor."

Link in Sedalia Road.

Lamonte, Mo., June 5.—The proposition to organize the Lamonte special eight mile road district was carried at a special election by a vote of 165 to 124. The east boundary of this district comes within a mile of Sedalia's 12-mile district, and the west boundary within a mile of the Johnson county line, thus making an almost continuous road district from Sedalia to Johnson county.

Shot by Rejected Suitor.

San Francisco, June 5.—Bernice Lillian Godair, a 17-year-old high school student, was shot and killed on the front porch of her home here by Charles H. Bonner, 19 years old. Bonner was captured after a chase of four blocks by a policeman.

Two Killed in a Fight.

Whitesburg, Ky., June 5.—In a fight between keepers of a "blind tiger" and a posse, at the new mining town of Jenkins, two men were killed and three severely wounded, among the latter being Deputy Sheriff John Pollock.

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color--Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Isn't Your Vacation Just About Due?

I don't think there ever was a time when so many people were thinking about and planning vacations as right now. There seems to be something in the air which makes everybody long to pack up and go away awhile.

The tourist fares are very attractive this summer, too. There are rates to the West, rates to the North and rates to the East. Liberal stopover privileges and long limits.

I wish you would come in and see me when you are planning your trip; tell me where and about when you want to go and I'll give you a good deal of help. It's my job with the Burlington Route to see that all travelers are well taken care of. I'll gladly answer your questions, tell you when reduced rates start and take most of the detail off your mind.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Maryville People Know How to Save It.

Many Maryville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. W. M. Newsan, Chestnut street, Savannah, Mo., says: "Doan's Kidney Pills have been of more benefit to me than any other kidney remedy I have ever used, and in view of this fact I willingly recommend them. I was caused much suffering from pains in my shoulders, and mornings on arising I felt tired and languid. I was also bothered by difficulty with the kidney secretions. Hearing Doan's Kidney Pills highly spoken of, I got a box and soon after beginning their use, I was relieved. Another member of my family has also taken this remedy with satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

St. Louis Live Stock Market.

National Stock Yards, Ill., June 4.—Cattle receipts, 5,000. Dullness featured the market today. Barring strictly good steers which were steady to 10c lower, market otherwise was largely 15c to 25c lower on steers, cows and heifers. Compared with last week's close, best steers are 10c to 15c, others 25c lower. Cows and heifers have declined fully 50c per cwt. Increasing receipts of Southern grass cattle a big factor in the trade for everything not strictly good.

Hog receipts, 6,000. This department exhibited no change from that of yesterday. Top hogs, $7.75. The immediate future depends entirely upon the volume of receipts.

Sheep receipts, 6,500. Spring lambs opened 25c to 50c lower, with buyers still in the game at the close. Good to choice grades sold at $8.50 to $9.25. Sheep opened 25c lower but at the close market was 50c lower with buyers virtually out of the trade. An early top of $5.00 was made, but at the finish fat ewes brought $4.50 to $4.75.

CORN SILAGE FOR COWS, BOTH SUMMER AND WINTER

By A. C. Page, College of Agriculture, University of Missouri.

Corn silage, besides being the cheapest roughage the Missouri farmer can raise, is peculiarly adapted to the dairy cow. On some farms in the state silage is fed to the milk cows twelve months in the year, largely taking the place of pasture. That is one of the strong points about silage—it is able to largely take he place of pasture grass.

In summer when the pasture is abundant this is not so important. But when the mercury is playing around zero or below, it helps keep up the flow of milk. Professor Eckles of the Missouri Experiment Station says that if you would keep up a good milk flow at this unnatural season, you must supply the conditions of spring, when the cow naturally produces well. Silage supplies part of these conditions.

There was once a mistaken idea that silage gives the milk a peculiar flavor. This is found to be only a notion, probably arising from the flavor of some milk that stood too long in the tainted atmosphere of the barn.

The economy of silage is a strong point in its favor. Professor Eckles asserts that 40 per cent of the corn crop is wasted if the stalks are left in the field, and a large part of this is saved in the silo.

Two circulars are published by the College of Agriculture at Columbia, describing the construction of both the cement and the plastered wooden silo. These will be sent free to any one who requests them.

TREATMENT OF HOG CHOLERA

Dr. J. W. Connoway, University of Missouri.

According to Dr. J. W. Connoway of the University of Missouri who is in charge of the hog cholera investigations, the farmer and the breeder are the ones who must clear the state of cholera in hogs. He has the following to osay about the possibility of entirely stamping out the cholera:

"For effective work in the control of hog cholera, the 'preventive inoculation' must be supplemented by other measures which are of easy application by the farmers themselves, and by means of which, even without inoculation, outbreaks have time and again been kept within narrow limits and great losses doubtless averted. In the past the neglect of many swine raisers to apply even simple preventive measures have been due to a lack on their part of an understanding of the disease. The first thing in every case is the early recognition of the disease so that the cases may be isolated and prevented from spreading."

UPTURNED BUGGY

MRS. H. P. SWINEHART AND BROTHER VICTIMS OF ACCIDENT

A RECKLESS AUTO DRIVER

After Causing Wreck, Driver of Auto Speeded Up Machine and Made "Getaway."

As Mrs. H. P. Swinehart and her brother, Dane Fagans, were driving with horse and buggy on the State road east of Maryville Monday afternoon about four o'clock, they met an automobile coming to Maryville just east of the Wabash bridge crossing over the road. The car was coming at high speed, square in the middle of the road, and the driver did not give so much as a hair's breadth of the road as he neared the occupants of the buggy.

Mr. Fagans drew his horse out of the road as quickly as possible, but the horse became frightened as the auto went whizzing by so close to him, and he cramped the buggy suddenly and threw Mrs. Swinehart and her brother out.

By the time they could get up and look around, the cause of their trouble was out of sight. The car was occupied by both men and women and was going too fast for the victims to see what kind of a car it was and they did not recognize the occupants.

Mrs. Swinehart will be confined to her bed for several days from injuries. She is the wife of Prof. H. P. Swinehart of the State Normal faculty.

If Professor Swinehart can find out who the driver of that car is——!

RESOLUTIONS ADOPTED.

By the Epworth Leaguers In Session at Maryville Last Week.

The following are the resolutions adopted at the Epworth League convention in Maryville last Saturday:

Be it resolved: That we extend the thanks of the Maryville District Epworth League to the Maryville Chapter and to the members of the Methodist Episcopal Church for their kind hospitality and royal treatment.

Resolved: That the Maryville District Epworth League extend their thanks to the Maryville Business College for the clerical work done in assisting the District Treasurer in her work.

Resolved: That the Maryville District Epworth League enter her protest against the low standards of morals of the commercial life of our nation in its endeavors to create the habit among the Chinese of the use of American made cigarettes and making them drunk on American distilled whiskey. By Chinese Governmental edicts, the poppy no longer bedecks the hills and plains of China. The iniquitous opium dens no longer exist to put asleep a great people and we as Epworth Leaguers urge greater efforts to awaken a public conscience against the movement to stultify the growth of young men and women of the new China and vitiate the life of a new republic.

Resolved: That we extend to the Stanberry Chapter our thanks for the invitation to hold our next session in their city and partake of their hospitality.

Resolved: That the aforesaid resolutions be spread upon the minutes of the session of the convention and copies of the same be sent to the daily papers of Maryville, the Central Advocate of Kansas City, Mo., and the Epworth Herald, Chicago, Ill.

THURSDAY LAST DAY

TWO OFFICES STILL VACANT ON REPUBLICAN TICKET.

THE FILINGS WEDNESDAY

A Number of Candidates Made Declarations With County Clerk for the August Primary.

A few candidates are filing Wednesday, as Thursday is the last day a candidate can file so as to get on the primary election ticket at the primary on Tuesday, August 6. The time for filing for county offices closes on Thursday.

There are still a few places on the Republican ticket that have not been filled. No candidate for representative, or for public administrator, had filed with County Clerk Demott at this writing. The Republicans will have a candidate for representative, but whoever it is, is probably waiting for the last day to file.

For State Senator from this district J. W. Peck has filed again.

Dr. William Wallis, Jr., filed Wednesday morning as a candidate for the Democratic nomination of coroner.

Dr. D. G. Hunterson of Parnell entered the race for the Republican nomination of coroner.

George S. Miller, present county surveyor, has filed as the Republican candidate for surveyor.

HE ISN'T THE WHOLE THING.

That Big Strawberry Man at Pickering.—His Neighbor, Dr. Crowson, Is Some Fruit Man, Too.

Oscar Moon, the Burlington agent at Pickering, is entitled to all the praise he may receive for his great strawberry bed, for he deserves every word of it.

But he has a fellow-citizen, in Dr. E. L. Crowson with whom he must divide honors, and he is entirely willin', too, to share them.

Dr. Crowson is experimenting with the Himalaye berry, which is known as the Horticulaure Wonder, it is claimed, will in time supersede all small fruit. It is one of Nature's most wonderful productions. The chief characteristic of this berry is its extreme hardiness. It was brought from the Himalaya mountains, where it withstands the burning summers, and is guaranteed not to winter kill. This plant is to make a growth of over 33 feet, in one season. It is not like other berry vines, as is grows continually from year to year, like a tree. The flavor is unexcelled, sweeter in taste than raspberries or blackberries, making it better suited for canning purposes.

Dr. Crowson has another hobby, dry land ducks—one better than Mr. Moon, who is confining himself to strawberries.

STEERS MADE MONEY.

Missouri Feeder Disposes of Two Cars at a Good Profit Monday.

That there is good money in cattle feeding right now is vouched for by Carl Eisinger, one of the large farmers and live stock feeders of Bolckow, who was on Monday's market at St. Joseph, with a two-car shipment of well-fatted steers of his own feeding that sold at a profit, says the St. Joseph Live Stock Journal. Mr. Eisinger's shipment was made up of two cars, or 35 head of steers, averaging 1,248 lbs., that sold at $8.60. "These steers were fed about four months on rations of corn, alfalfa, hay and cotton seed meal," said Mr. Eisinger, "and made a substantial gain in the feedlots. They made me a neat little profit and I am entirely satisfied with my sale."

ANTI-SALOON LEAGUE MET.

At a meeting of the Nodaway County Anti-Saloon Alliance held in the M. E. It is the policy of the Alliance to have nothing to do with the political campaign this fall, only where "wet" men are candidates for office.

AUTO TAX FOR ROADS

(Continued from Page 1)

of us do not know what a good road is" asserted the speaker. "As compared with many of the more progressive states, the roads of Missouri are far below the standard." It is the opinion of the St. Joseph banker that a large amount of the state tax on automobiles should be spent for the bettering of the condition of the roads of the state.

Mr. O. E. Hall, county superintendent of the schools of Montgomery county, Indiana, was the next speaker on the program. Montgomery county leads all other counties of the country in the consolidation movement and Mr. Hall most enthusiastically told his audience the manner in which the people of that community had brought about the consolidation.

Following Mr. Hall on the program was a most able discussion of "Rural Centers" by Mrs. Sarah Huftalin of Clarinda, Iowa.

The afternoon session was opened at two o'clock by a vocal solo by Miss Marie Jones of the Conservatory of Music.

The first speech of the afternoon was given by Mr. S. M. Jordon, Director of the Pettis County Agricultural

From five to six o'clock a reception to Governor Hadley and other visitors will be held in the library of the Normal.

Miss Grace Badger Married.

The Chillicothe Constitution contains an account of the marriage of Miss Grace Badger, formerly of Maryville, at the home of her sister, Mrs. George W. Maybee in that city. The Badger family moved to Chillicothe from Maryville about ten years ago. The notice of the wedding is as follows: Mr. Charles Homer Nave and Miss Grace Badger were married last Saturday night at the home of Mr. and Mrs. George W. Maybee, North Elm street. Rev. J. E. McGee, pastor of the Presbyterian church performed the ceremony at 7:30 o'clock, using the Episcopal ring service. Before the service Miss Jessie Palmer sang "What is Love" and "Constancy." As Miss Winnifred Reid of Kansas City played the Lohengrin wedding march, Dr. H. L. Jones and Miss Palmer of Kansas City entered, forming an aisle of ribbon through which passed the matron of honor, Mrs. Buel Wigley, sister of the bride, followed by the bride on the arm of her brother, E. P. Badger of Kansas City, by whom she was given in marriage. At the altar they were met by the groom with his best man, Louis McDermott of St. Louis. Miss Reid played Mendelssohn's "Spring Song" during the ceremony, and Mendelssohn's Wedding march during the congratulations. The bride's gown was embroidered marquisette trimmed with bands of baby Irish and macrame. She wore a short English veil and carried a shower boquet of bride's roses. The Maybee home was attractively decorated. The west end of the library and book cases were banked with potted plants and ferns and hydrangeas, improvising an altar. Mr. and Mrs. Nave will be "at home" after June 15 at 10 West Thirty-ninth street, Kansas City, Mo.

Houston-Scott Wedding.

Scott of this city, were united in marriage at high noon Wednesday, June 5, at the home of the bride's parents. The ceremony was performed by Rev. L. C. Sappenfield, pastor of the Methodist Episcopal church at Burlington Junction. Preceding the ceremony Miss Nellie Wray of Maryville, sang "I Love You Truly", by Carrie Jarols-Bond, and after the ceremony, while congratulations were being given, Miss Wray sang "Because I Love You Dear", by C. B. Hawley. The bride and groom were unattended, and came into the presence of the guests and took their places before the minister, while Mrs. Rolla H. Rees played Mendelssohn's wedding march. A three-course wedding dinner was served the guests from small tables. The bride's table was lovely, decorated in pink and white roses. Those serving the dinner were Herschel and Anna Houston, brother and sister of the bride, and her cousins, Lee and Mary Yaple; Miss Hattie Barker and Miss Mary Ogden. The guests were: Mr. and Mrs. J. L. Scott, Mr. and Mrs. Clark Scott, Mr. and Mrs. Leslie Griffin, Miss Nellie Wray, Miss Mary Ogden, Miss Ruby Lorance, W. G. Sawyers, of Maryville; Miss Hattie Barker, Mr. and Mrs. Leonard U. GERMS.

Oh, folks was awful happy
When there wasn't any germs!
Why just to read about 'em
Fills a feller full of squirms.
Why they're hidin' in the curtains,
An' the carpets of your floor
Is jest plum full of livin' things,
A thousand kinds an' more.

The door-knob is alive with 'em,
Don't use a dist that's cracked,
For ever little roughened place,
With pesky germs is packed.
An them tin cups at the station!
It most gives me a chill,
To think I used to go to 'em
An' stan' an' drink my fill!

An' with them grimy roller towels,
I used to mop my face,
I guess that all as saved me,
Was just ever lastin' Grace.
An' you dassent kiss a baby,
Er it's liable to git bit,
With some owdashious mikrobe,
That's laying in wait fer it.

An' say! the biggest farmer
Of the germ's the pesky fly;
An' to think of where he plants 'em,
Makes a feller want to die!
I wish they'd never found 'em,
An' then we'd never think,
We'd swallered a hull aquarium,
When we take a little drink.

MUCH HARD WORK FOR COMMITTEE

Republican National Body Faces Many Unusual Problems.

CONTESTS ALREADY NUMBER 238

Preparations Completed for Opening Meeting Thursday Morning—Wm. Barnes, Taft Leader in New York to be Present.

Chicago, June 5.—Preparations are now completed for the meeting of the Republican national committee Thursday morning. The body faces a tangle such as, perhaps, never has confronted a national committee of the party on the eve of a convention.

The right of newly chosen committeemen to seats; the question of open hearings of the more than 200 delegate contests; the prospect of a fight to the finish on the selection of Senator Elihu Root for temporary chairman; and the belief that Col. Roosevelt and his associates will carry into the convention their fight for the seating of their contesting delegates are some of the problems engrossing the attention of Chairman Harry S. New and the other members of the sub-committee on arrangements.

It is the belief of national committeemen now in the city that the right of R. B. Howell of Nebraska to the seat now held by Victor Rosewater will be settled as soon as the committee meets for organization. The calling of the roll will bring Mr. Rosewater's seat into controversy, it is explained.

Barnes May Hold Proxy.

Roosevelt forces are awaiting the arrival of National Committeeman William L. Ward of New York, who is looked on as the prospective leader of Roosevelt activities in the national committee. Reports that William Barnes, Jr., Taft leader in New York, might hold a proxy in the committee, further complicated the situation.

Rumors were current that Roosevelt will be on hand before the convention preliminaries are out of the way. It was asserted by Republican leaders who arrived from the East that the colonel expects to be here not only to take part in convention proceedings, but to direct the activities of the Roosevelt "flying wedge," which is being organized and drilled for propaganda work among the delegates.

New Contests Added.

Two new contests and two cases where the number of delegates exceeds the allotment, were added to the cases prepared for submission to the committee. In the fourth Virginia and the third North Carolina districts contest cases have been prepared; and in the thirteenth and the sixteenth Missouri districts, double the number of alloted delegates were chosen.

The number of contested delegates now recorded by the committee, including cases where extra delegates were chosen, number 238. Additions may yet be made to this number.

TWO MISSOURI TOWNS WENT DRY

Richmond and Columbia Voted Down Saloons by Large Majorities.

Richmond, Mo., June 5.—Richmond re-adopted local option by a majority of 177. The crowd was large; farmers and business men thronged the streets. The mines were idle and good order prevailed. Local option has been in effect here for four years and four months.

Columbia, Mo., June 5.—There will be no saloons in Columbia, the home of the state university, for four years, at least. In the local option election here the drys won by a majority of 208. Four years ago the dry majority was only 34. The total vote cast was 2,682, the largest ever cast in the city.

BOOTLEGGER GETS LONG TERM

Penalties Against Wichita Man Aggregate Six Years in Jail—Refused to Sign Bond.

Wichita, Kan., June 5.—Over two thousand days in jail will be the portion of J. F. Austin, a convicted bootlegger, if he holds to the stand he made here in police court when he was asked to sign a peace bond for a parole. Austin refused to sign the bond. He had been sentenced to the county jail on charges of selling liquor. Police Judge Souders then sentenced him on new charges that will aggregate six years in jail and $1,000 fine. Austin said he would "take his medicine."

Kaiser Thanks Taft.

Washington, June 5.—A cable message from Emperor William of Germany to President Taft thanking him for the hearty welcome extended to the German fleet in Hampton Roads was made public at the White house

Clark Gets Idaho's Eight.

Coeur d'Alene, Ida., June 5.—Champ Clark will have Idaho's eight delegates to the national convention. The state Democratic convention instructed them for the Missourian.

TWO MORE LAND MEN ASK PARDON

President's Reasons for Freeing Jones of Oregon Just Made Known.

SAYS PROSECUTION WAS UNFAIR

Methods of Detective Burns Severely Attacked—Claim is Made That Witnesses Were Intimidated.

Washington, June 5.—The causes which controlled President Taft in granting an unconditional pardon to Willard N. Jones, convicted in the famous Oregon land fraud cases has just become known. Based upon the same charges of unfair and improper methods by the United States government's prosecution of the frauds which stirred the country six years ago, applications for the presidential pardon of two other men are being considered by the department of justice.

Franklin P. Mays and Hamilton H. Hendricks are seeking pardon on the ground that they likewise were denied their constitutional rights. Mays was indicted with the late Senator Mitchell and former Representative Herrman, and was convicted of conspiracy and sentenced to four months' imprisonment and to pay a fine of $10,000. Hendricks was convicted of subordination of perjury and sentenced to 13 months and to pay a fine of $500.

Attack Burns' Methods.

Consideration of their appeals for executive clemency will be based upon the investigation which resulted in Jones' pardon. These cases have not yet reached the president. "The Oregon land fraud prosecutions were conducted almost wholly along political lines," and "a veritable reign of terror existed," were the charges submitted to Attorney General Wickersham in a brief by Henry P. Schwartz, former chief of the field division of the general land office, and James S. Smith, attorney for Jones in the pardon proceedings.

The methods of William J. Burns, who developed the government's case and others of the prosecution, were severely attacked in the brief. The whole jury box list of more than 500 names from which the grand and petit juries were drawn was determined and selected, it was alleged, by the government prosecutors and detectives and the political enemies and assistants of Jones along political lines, "with the purpose and result of obtaining men who were prejudiced and who would convict."

Intimidated Witnesses.

The brief also charges that witnesses were intimidated into giving false testimony against Jones under threat of indictment; that witnesses were so threatened by a member of the grand jury, and by government detectives in the presence of their families, and that in various cases then being tried many persons were indicted and compelled to give evidence against other defendants, not true in fact, and thereafter such indictments were dismissed.

DENVER DANCES TO BE CENSORED

Ordinance Drawn Establishing Control of Amusements, for Protection of Young Girls.

Denver, June 5.—An ordinance based on the result of a dozen years' observation by Judge Ben B. Lindsey of the juvenile court, establishing a wide censorship over all forms of public amusements for the protection of young men and women, was drafted at a conference between Mayor Arnold, George Creel, police commissioner, and Judge Lindsey. Its passage is a foregone conclusion under the reform administration.

No girl under 18 years old will be allowed in a public dance hall after 9 o'clock unless accompanied by her parents. All young people must register on entering such places, and dances, unless specially permitted, must close at 12:30.

WILL INVESTIGATE BEEF TRUST

No Sensational Inquiry Will be Undertaken and No Individuals to Testify.

Washington, June 5.—The house judiciary committee in executive session decided to undertake a preliminary investigation of the "beef trust." The committee agreed to report the Edwards resolution calling for the investigation, but before doing so a private inquiry will be made. The committee does not purpose now to call any of the men heavily interested in the packing industry or to undertake any sensational investigation of packing house conditions.

Jurors to the Fields.

Parsons, Kan., June 5.—Having been hindered in their farming for the past two months on account of storms and bad weather, Judge Elmer Clark of the district court here dismissed the jury for the present term so that the farmers who were drawn might get in their crops. The court ordered all jury cases, of which there are more than 50, continued for a month.

LIKE THE ELSIE SIEGEL CASE

CHINESE BEING WATCHED FOR MISSING CHICAGO GIRL.

Chain of Dives Covering Entire Country and Owned by Orientals, is Discovered.

Chicago, June 5.—The existence of a chain of resorts, managed by white women and peopled with white girls, which depend upon the Chinese of the various cities of the country for their patronage, was one of the startling disclosures made in the police investigation of the disappearance of Catherine O'Brien, 16 years old, from the home of her parents here.

Four detectives have been working on the case since the O'Brien girl was last seen.

Houses are operated in New York, Boston, Philadelphia, St. Louis, Kansas City, Denver, Pueblo, San Francisco, Los Angeles, Seattle, Portland, Tacoma and in China, according to information gleaned, and although operated by individuals, are united under a mutual protection and procuring agreement.

That Catherine O'Brien, who visited the establishment kept by Chinese in this city, is an inmate, possibly as a prisoner, of a similar house in some other city, is the theory upon which the police are working now.

It is also possible she may have shared the fate of Elsie Siegel, daughter of Gen. Franz Siegel, who was found murdered in the room of a "christianized" Chinaman in New York. The slayer has not been captured. Government officials here admitted the existence of such a chain of houses was known to them, and declared they have been working for months toward clearing up the conditions.

ST. JOHN CALLS IN A SCIENTIST

Kansas Ex-Governor Dismisses Doctor and Gets Healer From Kansas City—Had Restful Night.

Olathe, Kan., June 5.—John P. St. John, governor of this state from 1879 to 1883, who has been dangerously ill with uraemic poisoning at his home here the last ten days, is now in the hands of Christian Scientists. The physician in attendance has been dismissed and a Christian Scientist was summoned immediately from Kansas City.

The former governor has been a believer in Christian Science some years, but ten days ago, when he took a turn for the worse, a physician was called in. She did not hold out any hopes for his recovery and the change was therefore made. The governor passed the most restful night since his sickness and is now able to take some nourishment.

PACKERS GET REDUCED RATES

Freight on Dressed Meats Goes Down, But No Change for Live Stock Shipments.

Washington, June 5.—Railroads operating in the Southwest were ordered by the interstate commerce commission to establish for transportation of packing house products and fresh meats in carloads, rates which shall not exceed the following per hundred pounds:

"From Oklahoma to Kansas City, 17 cents on packing house products and 26 cents on fresh meats; from Fort Worth, Texas, to Kansas City, 21 cents on packing house products and 32½ cents on fresh meats."

The commission declined to modify the mileage scale of rates it prescribed for the transportation of live stock from various Southwestern points to packing houses.

Archbald Won't Testify.

Washington, June 5.—Judge Robert W. Archbald of the commerce court, whose conduct in a certain culm bank transaction with the Erie railroad has been under investigation by the house judiciary committee, will not testify in his own defense. Opportunity to do so was extended by the committee but the judge declined.

MEMBER OF HOUSE FIGHTS REPORTER

Representative Thomas of Kentucky Attacks Newspaper Man.

WITNESSES SAY HE DREW KNIFE

Resentment Aroused by Article Saying He Had Criticised Other Members of Archbald Committee.

Washington, June 5.—The Archbald hearing before the house judiciary committee was enlivened by a fight. Representative Thomas of Kentucky was the principal in a fist encounter that threatened to end in a duel. The member of a congressional committee, trying a judge of the second highest court in the United States, temporarily resigned his place on the bench and descended to enforce his opinions with personal violence.

Representative Thomas objected to an article printed in a Washington paper, and to show his resentment beckoned the reporter outside, called him a liar, and started to administer a sound beating.

Drew a Knife.

The reporter was several sizes smaller than Representative Thomas and it looked as if he would soon be killed. Another newspaper man stepped in, the tables were turned on Thomas, who reached for a knife with the avowed purpose of disemboweling the entire newspaper fraternity. At this point capitol policemen and clerks arrived and locked Thomas up in a nearby committee room until he had the chance to cool off.

What Thomas didn't like was the fact that an article was printed in the Washington Herald calling public attention to the fact that Thomas had not been present at most of the hearings of the committee, but had made statements criticizing the committee and dictating what it should do.

Denies Criticism.

In a lull in the testimony concerning Judge Archbald of the United States Commerce court, who is being tried for impeachment in connection with alleged illegitimate deals with the Erie railroad, Representative Thomas took occasion to deliver an impassioned denial of his alleged criticism. He concluded by denouncing newspaper men as "squirrel headed" and a menace to the American nation. He also expressed his opinion in no uncertain terms of anyone who would criticize him, and indignantly asserted he had read the testimony taken before giving an opinion of the case.

Thomas then left the committee room, found out that Joseph Annin had written the article and had the clerk of the committee request Annin to come outside. When Annin did so he informed him he was a liar, and with varied, highly colored and unprintable terms. Annin is about five feet tall and weights 115 pounds. But when the big 220-pound congressman squared off and made a pass at him to further demonstrate his contempt, the reporter wasn't a bit impressed and they mixed things up in a lively manner.

Thomas is a candidate for renomination from his state.

FIRST WOMAN MAYOR IS DEAD

Mrs. Mary D. Lowman, of Oskaloosa, Was Elected in 1888, and Served Two Terms.

Oskaloosa, Kan., June 5.—Mrs. Mary D. Lowman, who died here from burns sustained when her clothing caught fire, while preparing a meal was the first woman mayor of Kansas.

Mrs. Lowman was the first woman mayor to be elected in Kansas with a full woman council. Her ticket was elected in 1888, and at the time of the close of the first term of her administration it was so satisfactory that the same ticket was re-elected with only a few exceptions.

The administration of Mrs. Lowman attracted wide notice and for several months after taking office special correspondents from all parts of the country came to Oskaloosa to write the story of the "woman mayor."

Link in Sedalia Road.

Lamonte, Mo., June 5.—The proposition to organize the Lamonte special eight mile road district was carried at a special election by a vote of 165 to 124. The east boundary of this district comes within a mile of Sedalia's 12-mile district, and the west boundary within a mile of the Johnson county line, thus making an almost continuous road district from Sedalia to Johnson county.

Shot by Rejected Suitor.

San Francisco, June 5.—Bernice Lillian Godair, a 17-year-old high school student, was shot and killed on the front porch of her home here by Charles H. Bonner, 19 years old. Bonner was captured after a chase of four blocks by a policeman.

Two Killed in a Fight.

Whitesburg, Ky., June 5.—In a fight between keepers of a "blind tiger" and a posse, at the new mining town of Jenkins, two men were killed and three severely wounded, among the latter being Deputy Sheriff John Pollock.

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Isn't Your Vacation Just About Due?

I don't think there ever was a time when so many people were thinking about and planning vacations as right now. There seems to be something in the air which makes everybody long to pack up and go away awhile.

The tourist fares are very attractive this summer, too. There are rates to the West, rates to the North and rates to the East. Liberal stopover privileges and long limits.

I wish you would come in and see me when you are planning your trip; tell me where and about when you want to go and I'll give you a good deal of help. It's my job with the Burlington Route to see that all travelers are well taken care of. I'll gladly answer your questions, tell you when reduced rates start and take most of the detail off your mind.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Maryville People Know How to Save It.

Many Maryville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. W. M. Newsan, Chestnut street, Savannah, Mo., says: "Doan's Kidney Pills have been of more benefit to me than any other kidney remedy I have ever used, and in view of this fact I willingly recommend them. I was caused much suffering from pains in my shoulders, and mornings on arising I felt tired and languid. I was also bothered by difficulty with the kidney secretions. Hearing Doan's Kidney Pills highly spoken of, I got a box and soon after beginning their use, I was relieved. Another member of my family has also taken this remedy with satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

St. Louis Live Stock Market.

National Stock Yards, Ill., June 4.—Cattle receipts, 5,000. Dullness featured the market today. Barring strictly good steers which were steady to 10c lower, market otherwise was largely 15c to 25c lower on steers, cows and heifers. Compared with last week's close, best steers are 10c to 15c, others 25c lower. Cows and heifers have declined fully 50c per cwt. Increasing receipts of Southern grass cattle a big factor in the trade for everything not strictly good.

Hog receipts, 6,000. This department exhibited no change from that of yesterday. Top hogs, $7.75. The immediate future depends entirely upon the volume of receipts.

Sheep receipts, 6,500. Spring lambs opened 25c to 50c lower, with buyers still in the game at the close. Good to choice grades sold at $8.50 to $9.25. Sheep opened 25c lower but at the close market was 50c lower with buyers virtually out of the trade. An early top of $5.00 was made, but at the finish fat ewes brought $4.50 to $4.75.

CORN SILAGE FOR COWS, BOTH SUMMER AND WINTER

By A. C. Page, College of Agriculture, University of Missouri.

Corn silage, besides being the cheapest roughage the Missouri farmer can raise, is peculiarly adapted to the dairy cow. On some farms in the state silage is fed to the milk cows twelve months in the year, largely taking the place of pasture. That is one of the strong points about silage—it is able to largely take he place of pasture grass.

In summer when the pasture is abundant this is not so important. But when the mercury is playing around zero or below, it helps keep up the flow of milk. Professor Eckles of the Missouri Experiment Station says that if you would keep up a good milk flow at this unnatural season, you must supply the conditions of spring, when the cow naturally produces well. Silage supplies part of these conditions.

There was once a mistaken idea that silage gives the milk a peculiar flavor. This is found to be only a notion, probably arising from the flavor of some milk that stood too long in the tainted atmosphere of the barn.

The economy of silage is a strong point in its favor. Professor Eckles asserts that 40 per cent of the corn crop is wasted if the stalks are left in the field, and a large part of this is saved in the silo.

Two circulars are published by the College of Agriculture at Columbia, describing the construction of both the cement and the plastered wooden silo. These will be sent free to any one who requests them.

TREATMENT OF HOG CHOLERA

Dr. J. W. Connoway, University of Missouri.

According to Dr. J. W. Connoway of the University of Missouri who is in charge of the hog cholera investigations, the farmer and the breeder are the ones who must clear the state of cholera in hogs. He has the following t osay about the possibility of entirely stamping out the cholera:

"For effective work in the control of hog cholera, the 'preventive inoculation' must be supplemented by other measures which are of easy application by the farmers themselves, and by means of which, even without inoculation, outbreaks have time and again been kept within narrow limits and great losses doubtless averted. In the past the neglect of many swine raisers to apply even simple preventive measures have been due to a lack on their part of an understanding of the disease. The first thing in every case is the early recognition of the disease so that the cases may be isolated and prevented from spreading."
